

This reading plan accompanies our sermon series for 2023 focusing on key life events and teachings of Jesus. It will take you through all four Gospels, one chapter at a time. It intentionally begins with the fourth Gospel, the Gospel of John; followed by Luke, Matthew, and Mark. Please take the opportunity to ask God to speak to you before and as you slowly read through the chapter for each weekday. You are encouraged to keep a journal for recording your personal observations, applications, and prayers.
